Associate Res. Director
The Council for Tobacco Research
USA Inc.
900 Third Avenue
New York NY 10022
Phone: 212/421-8885

Dear George:

It was nice meeting you in Washington and I congratulate you for your new position as Associate Research Director at the Council for Tobacco Research.

As you might know (see enclosed preliminary program), we are organizing our Third International Alzheimer meeting in Springfield. We expect at least 300 participants, as at the two previous meetings. Nicotine will be one of the major themes of the meeting and we have assured representation from distinguished scientists. For this session we are receiving some support from Reynolds and also possibly from Japan Tobacco. However, we still need some support in order to defray travel costs and local expenses for the lecturers.

I wonder whether you could see the possibility of the Council for Tobacco Research to participate in the meeting, you or Ford or both, and making a small donation of $2,000. This would help to get at least one speaker from abroad to the meeting. The contribution should be made payable to "Third International Springfield Symposium - S.I.U. School of Medicine". The Council would be listed in the program as one of the SUPPORTERS of the symposium.

Of course, it would be a pleasure to see you in Springfield. Please let me know if you can help us in this endeavor.

Sincerely,

Ezio

Ezio Giacobini, M.D., Ph.D.
Professor and Chairman
Department of Pharmacology
